All cheques and other Negotiable Instruments payable locally would be presented through the clearing system using the services of our clearing agent Bank. Cheques deposited at branch counters and in collection boxes within the branch premises before the specified cut-off time will be presented for clearing on the same day. Cheques deposited after the cut-off time and in collection boxes outside the branch premises including off-site ATMs will be presented in the next clearing cycle. As a policy, the Bank would give credit to the customer account on the same day that the credit has been received by us from our agent Bank.

2.2 Outstation Cheques

Cheques drawn on other banks at outstation centres will normally be collected through the Bank's branches at those centres. Where the Bank does not have a branch of its own, the instrument would be directly sent for collection to the agent Bank for collection purposes.

Cheques payable at foreign centres where the Bank has branch operations (or banking operations through a subsidiary, etc.) will be collected through that office. The services of correspondent banks will be utilized in country/centres where the correspondent has presence.
