A sub-fund of OneShare plc

ISIN: IE00BYP54839

Objectives and Investment Policy

The investment objective of FAB MENA Bond Fund (the "Fund") is to provide attractive levels of income with some prospect of capital gains over the medium term.

The Fund aims to achieve this investment objective primarily through investment in a broadly diversified range of Money Market Instruments and/or debt securities (including inter alia notes (with a maturity from the date of issue of longer than one year but less than ten years), structured notes, participatory notes, bills and bonds) issued by governments, institutions and corporations in MENA countries, Turkey and India and/or corporations which derive a significant proportion of their revenues or profits from, or have a significant portion of their assets in MENA countries, Turkey and India.

Debt securities, may have fixed or floating rates of interest, may be rated or unrated and will be listed on or dealt in Recognised Exchanges worldwide. Where rated, the debt securities will have a credit rating of B- or above as rated by Standard & Poor's or an equivalent rating by Moody's or Fitch or as determined by the Investment Manager.

The Fund may use financial derivative instruments for investment purposes or for the purpose of efficient portfolio management.

The Fund is suitable to investors with a medium to long term time horizon (typically 3 to 5 years). Consequently, it may not be appropriate for investors who wish to withdraw their money prior to that period.

Any income arising from the Fund, attributable to this share class, will be accumulated daily in the Net Asset Value per Share of this share class and distributions will not be declared.

Shares in the Fund can be created and sold on Monday, Tuesday, Wednesday and Thursday of each week provided that the banks in UAE and Ireland are open.

Unless otherwise defined in this document, all words and expressions defined in the Company's current Prospectus shall have the same meaning herein.
